Information:

May 31st
No School

June 3rd
Last Day of School

Chromebook

All Chromebooks, cases, chargers and headsets will be turned in on Tuesday, June 1st. Please make sure your child has theirs at school that day. Also, please note that chargers must be included, or there may be a $15.00 fee for any chargers not returned.

Grades

The "Grades" tab in Infinite Campus is closed to parents and will be opening again on June 2nd after 3:00 pm. You can then access your child's report card via Infinite Campus. When clicking on documents, you will be able to print a report card in a pdf format.

Community Events

Please visit the KASD website and check out the Community Events page for some great opportunities and activities for your family.

IMPORTANT UPDATE

Masking Update

On Monday, May 24, 2021, the Kimberly Area School District (KASD) Board of Education voted in favor of the following:

- To continue the current risk mitigation and masking policies for the remainder of the 2020-2021 academic school year.
- To allow optional masking during the KASD summer school program.
- To continue social distancing during the KASD summer school program.
- To review the KASD risk mitigation practices in August for the 2021-2022 academic school year.

KASD K-6 LIBRARIES

WHERE CAN MY FAMILY BORROW BOOKS THIS SUMMER?

DESTINY DISCOVER

Students can access Destiny Discover, our K-6 e-book platform, 24/7. Go to destinydiscover.com, choose your KASD school, and then use the student's KASD username and password to locate hundreds of ready-to-read e-books and e-audiobooks. They can be read on a variety of devices, have a two-week checkout, and return automatically on the due date.

KIMBERLY PUBLIC LIBRARY

The public library has a fantastic collection of materials, including books, DVD's, audiobooks, and e-books, as well as access to materials from countless libraries. Be sure to check out their summer reading programs in order to keep growing our reading stamina this summer and for the chance to win great prizes!

LITTLE FREE LIBRARIES

The Kimberly Area School District is home to many Little Free Libraries and we have even more in our surrounding communities. You'll see them on walks around town, or check out https://littlefreelibrary.org/ourmap/ to find a LFL closest to you!

Kimberly Bulldog Football Registration Currently Open

Kimberly Bulldogs

2021 Papermaker Gridiron Association (PGA) Middle School football registration is currently available. All incoming 6th, 7th, and 8th grade students are eligible to play this coming season. Please log www.PGABulldogs.com to learn more and register.

Email Corey Wiegel at (wiegelbulldogs@gmail.com) with questions.

WHEN TO STAY HOME FROM SCHOOL

Keep your child home when:

- They are sick (please see student illness guide and when to get tested)
- They are diagnosed with COVID-19
- They are being tested for COVID-19
- They are a close contact of someone with COVID-19

Frequently Asked Questions:

Do I keep my child home if someone in my household is being tested for COVID-19?

A: Send your child to school if your child is symptom free.

OR

A: Keep your child home if your child has COVID-like symptoms.

Do I keep my child home from school if someone in my household is a close contact of a confirmed case of COVID-19?

A: Send your child to school if the household member who is the close contact is symptom free.

OR

A: Keep your child home if the household member who is the close contact has COVID-like symptoms. (The household member who is the close contact is considered a probable case of COVID if he/she is showing symptoms while awaiting test results and everyone in your household at that point is considered a close contact and will need to quarantine.)

For additional frequently asked questions please visit,
www.kimberly.k12.wi.us/updates/frequently-asked-questions

STUDENT ILLNESS GUIDE AND WHEN TO GET TESTED

People with the below symptoms or combination of symptoms may have COVID-19. The table below outlines WI-DHS recommendations of who should receive COVID-19 testing in Wisconsin. If you have these symptoms, **stay home, call your school office and get tested.**

Box A (any one symptom present)

- ☐ Cough (above baseline)
- ☐ Shortness of breath or difficulty breathing
- ☐ New loss of taste or smell

OR

Box B (any two symptoms present)

- ☐ Congestion or runny nose (above baseline)
- ☐ Chills or fever (100.4)
- ☐ Nausea or vomiting
- ☐ Diarrhea
- ☐ Fatigue
- ☐ Muscle or body aches
- ☐ Sore throat (above baseline)

**If you choose not to get tested, you must remain home until at least 10 days have passed since symptom onset AND at least 24 hours have passed since resolution of fever without use of medicine AND other symptoms have improved.*

OR

Box C

- ☐ I am a close contact of someone with COVID-19

For all other illnesses, follow typical school illness protocol by staying home, calling the school office and once symptoms have improved and your child is fever free for 24 hours they may return.

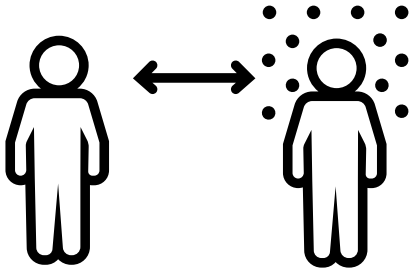
For information on awaiting test results and quarantining please go to, www.kimberly.k12.wi.us/updates/covid-19-protocols.

CLOSE CONTACT GUIDE

What does it mean to be a close contact of someone with COVID-19?

You are a "close contact" if any of the following situations happened while you spent time with the person with COVID-19, even if they didn't' have symptoms:

- ✓ Had direct physical contact with the person (for example, a hug, kiss, or handshake)
- ✓ Were within 6 feet of the person for more than 15 minutes
- ✓ Had contact with the person's respiratory secretions (for example, coughed or sneezed on; contact with dirty tissue; shared a drinking glass, food, towels, or other personal items)
- ✓ Live with the person or stayed overnight for at least one night in a household with the person



EXAMPLE

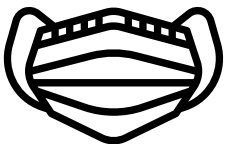
Your child was playing outside with a neighborhood friend when he drank from the friend's water bottle without thinking. The following day, the friend developed symptoms and subsequently tested positive for COVID-19. **Your child is a close contact.**

EXAMPLE

I went out to eat with a friend yesterday and we were within 6 feet of each other for 30 minutes. The following day my friend tested positive for COVID-19. I am now a close contact. What about my child? **Your child is NOT a close contact** as your child did not spend time with your friend.

If you had contact with someone who has been diagnosed with COVID-19 you may be at risk of infection. Follow these recommendations for 10 days since your last close contact with someone with COVID-19.

As a close contact, what does it mean to quarantine?



- Stay home
- Avoid travel
- Go out only if absolutely necessary
- Postpone all non-essential medical appointments until your quarantine is over
- Do not use public transportation, ride-sharing, or taxis
- Wear a face cover when you are around others
- Continue to monitor your symptoms for a full 14 days and if you develop symptoms from day 11 to 14, quarantine and contact your healthcare provider.

We are encouraging school and community members to become the eyes and ears of the Kimberly Area School District in order to provide information that keeps our students, staff and schools safe.

It sometimes can be difficult to define:

- Take your time to pay attention to your surroundings and to the behaviors of others around you.
- Know what suspicious or concerning behaviors look like.
- Does the activity look strange to you?
- Are you worried someone you know is thinking about hurting others or themselves?

Report it, don't just repeat it.

Kimberly Area School District

See Something, Say Something® is modeled after the Department of Homeland Security's program.
