

Important Information for KASD Parents Concerning Elementary School Assignment

- Public elementary school children in the Kimberly Area School District will attend one of four elementary schools; Janssen (JAN), Sunrise (SUN), Westside (WES), or Woodland (WDL).
- Students are assigned to attend an elementary school based on where they live. If a student lives in the Janssen School attendance area they will be assigned to attend Janssen, if they live in the Sunrise School attendance area they will be assigned to attend Sunrise, etc. (see attached map).
- The KASD may allow elementary students to attend a different school other than the one they are assigned to attend with the exception of Woodland Elementary. Students that live in the Janssen, Sunrise, or Westside attendance areas will not be allowed to attend Woodland Elementary. Likewise, students in the Mapleview Intermediate attendance area will not be allowed to attend Woodland Intermediate. This exception is due to space availability at Woodland schools.
- The main criteria for approving or denying the request for a different elementary school will be the number of students per class. Some decisions will not be made until mid-August. The superintendent of schools is responsible for making the decision.
- Use the attached form to request an elementary school change. Contact Superintendent of Schools Dr. Bob Mayfield at 788-7900 if you have any questions.

KASD Elementary Attendance Areas 2006

- Westside
- Janssen
- Woodland
- Sunrise
- To Be Determined upon Development
