

### **2023 ANNUAL MEETING**

Monday September 25, 2023

6:30 PM - Budget Hearing 7:15 PM - Annual Meeting

KIMBERLY ADMINISTRATION BUILDING VENTURE ROOM 425 S. Washington Street Combined Locks, WI 54113

#### INTRODUCTION

The preparation of this annual meeting booklet and the information it contains is a lengthy process involving district staff, the business office and the Board of Education. We have included the information required by state statute, as well as other information that the district feels is important to share with its citizens. We welcome your questions regarding the operation of the school system and its fiscal policies.

Therefore, pursuant to Wisconsin State Statute 120.08, the ANNUAL FINANCIAL REPORT OF THE BOARD OF EDUCATION of the KIMBERLY AREA SCHOOL DISTRICT for the year ending June 30, 2023 is presented in the following pages.

For the KIMBERLY AREA SCHOOL DISTRICT

Robert S. Mayfield, Ed.D. Superintendent of Schools

All school districts are legal agencies of the State. The School Board's authority and responsibilities to operate the school district are defined by the Wisconsin Constitution and Statutes.

Regular school board meetings are held on the second and fourth Mondays of the month. The meetings are held in the Venture Room of the Kimberly District Administrative Building, 425 S. Washington Street in Combined Locks, WI unless otherwise noted at 6:30 P.M. The public is cordially invited to attend.

# BOARD PROPOSED GUIDELINES FOR THE Monday, September 25, 2023 ANNUAL MEETING

- 1. Each person is asked to sign the register, indicate their address, check if they are a Kimberly Area School District resident, and indicate if they are under the age of 18.
- 2. Only school district residents of 18 years or older are eligible to vote on the issues presented.
- 3. If you wish to address the chairperson, do so by stating your name and address.
- 4. The chairperson may limit discussion depending upon the number of people wishing to speak, and in an effort to conduct an effective and orderly meeting.
- 5. Questions on parliamentary procedure will be referred to the board appointed parliamentarian.
- 6. Any motions submitted under new business shall be given to the chairperson in writing, signed by the person making the motion. This shall be completed prior to the assembly being asked to take action on the motion.
- 7. Methods for voting on the issues before the electorate shall be as the chairperson determines, unless otherwise directed by a specific motion on a specific issue.
- 8. Copies of the minutes are attached and the chairperson will recognize a motion to dispense with the reading of the minutes for the **September 26**, **2022 Annual Meeting**.

#### **BUDGET MESSAGE**

#### THE YEAR IN REVIEW – 2022/2023

- Above Average Student Achievement at Below Average Cost As evidenced by our standardized test scores, the District continues to be one of the highest achieving Districts in the Fox Valley, as well as the State. All of our schools, Met, Exceeded or Significantly Exceeded Expectations on our state report cards. Students are excelling in all areas including awards in business, welding, and music. Our Advanced Placement and college track programs provided over 800 AP tests last year resulting in \$1 million in tuition savings. Kimberly Area School District remains below average as one of the lowest spending districts in the state.
- **Revenue from the State-** The state budget was approved with no additional money under the revenue limit as well as there was no increase in the per pupil categorical aid this year. We filled this revenue gap with 1x Federal ESSR dollars.
- Lower Taxes and Lower Tax Rate The Tax Levy increased by \$409,498 or 2.86%. In addition, property values increased by 12.2%. The tax rate decreased (amount of taxes a homeowner pays for each \$1000 of property value) -\$0.50 or -8.25%. While the public school tax levy increased \$179,308, the private school tax levy increased \$233,723.
- **Health Insurance Updates** Our Health Insurance premiums increased 5.7% for 2022-2023. We made a change in carriers in order to keep the percent increase down. The Health and Wellness Center was again a great benefit for our staff.
- Facility Improvements Major projects across the district as part of our Capital Improvement Plan included continued roof replacements, upgraded electrical services in various buildings, new LED Lighting at JRG, addition of LaCrosse/Soccer fields, Janssen kitchen remodel, as well as other concrete, asphalt and carpet replacement throughout the district.
- **Technology Improvements** The District Technology Budget continues to provide the hardware, infrastructure and software needed to support the instructional goals of the District. The major projects for 2022-2023 included Network refreshes at JRG and KHS as well as network cabling replacement, a replacement of our current paging system, a laptop refresh at KHS, Mapleview, and Woodland, and continued purchases for our 5-8 grade 1:1 program.
- Enrollment decreased for 2022-2023 The district enrollment decreased by 56 students in 2022-2023.

#### WHAT'S NEW IN 2023/2024

- Additional Revenue— The state budget was approved with an additional \$325/student as well as the ability to increase to \$11,000 per student for low revenue districts. This allows the district to increase our revenue limit \$973/student. In addition, we will need to spend down the remainder of the Federal ESSR Funds by September of 2024. Finally, the district will be receiving \$1.4 million from the City of Appleton for the closing of their TID.
- **Higher Taxes** Due to the increase in per pupil revenue limit amount, as well as the significant increase in the state vouchers, the tax levy is projected to increase \$3,548,737. Aid is predicted to increase some due to additional aid approved by the legislature.
- **Health Insurance** The district will remain with The Group Health Trust this year, as they offered a 9% increase, which was lower than moving to a self-funded model. The district will look at a self funded model for 2024-2025 as it will give the district more control over their health plan.
- Facility Improvements Major projects across the district as part of our Capital Improvement Plan include replacing classroom cabinetry at Janssen, various carpet replacements, lighting upgrades at a few buildings, various asphalt repairs and preservation and electrical service upgrade at JRG.
- Technology Improvements The District Technology Budget continues to provide the hardware, infrastructure and software needed to support the instructional goals of the District. The major projects for 2023-2024 include a laptop refresh at Sunrise and Westside, projector lifecycle replacements, Network Refresh at JRG, Mapleview, and Woodland as well as a Wireless refresh at Mapleview and Woodland and continued purchases for our 5-8 grade 1:1 program.
- Enrollment Projected to Decrease The district is projected to lose 100 students under the revenue limit in 2023-2024. The Budget will be revised in October when we know actual numbers from our September Membership Count.

#### THE FUTURE

- State and Local Funding The 2023-2025 budget was approved with a per pupil increase of \$325 per student each year of the budget. In addition, a low revenue ceiling increase was approved, so this allows Kimberly to go from \$10,027/student to \$11,000 per student in 2023-2024. If the board approves going to \$11,000/student in 23-24, the district can then approve going to \$11,325/student in 2024-2025.
- **Private School Voucher Funding** The legislature also increased the per pupil amount for voucher students by \$1,494/student for K-8<sup>th</sup> grade students and \$3,342/student for 9-12<sup>th</sup> grade.
- Enrollment The District receives less revenue per student than the State average. This has been offset by the District's rapid enrollment growth. Projections show that enrollment may continue to decrease as it did in the past couple years. We are able to offset some of the decline through students from other Districts attending Kimberly under the Open Enrollment Program. As this trend continues and our revenue starts to decline, we will need to adjust our spending so we can maintain our strong financial position.
- **Health Insurance** Health Insurance continues to be the fastest growing cost for the district. We will continue to explore insurance options to reduce our costs, but have the lowest impact on our employees.
- **District Financial Position** As a result of the budget's increase in the low revenue ceiling, the District is in good financial position for the next 2 fiscal years. We need to continue to monitor our enrollment and adjust our budget accordingly to account for less revenue if there is declining enrollment.

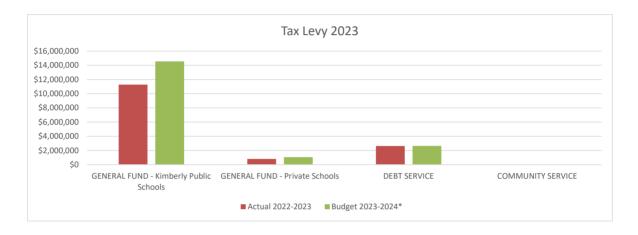

# KIMBERLY AREA SCHOOL DISTRICT BUDGET ASSUMPTIONS

This budget is our best estimate of the revenue distribution required to achieve the goals and objectives of the school district. There are variables that may impact the budget, which will not be finalized until the October 23, 2023 Board Meeting. These include:

- Revenue Limit Enrollment Adjustment Under the current Revenue Limit Formula, the District receives additional funding for enrollment increases and less for enrollment declines. This Budget assumes the student enrollment will decrease by 100 students for the 2023-2024 school year. If actual enrollment is greater than anticipated, the Revenue Limit (formula based on student enrollment that determines how much State Aid and Tax Revenue the District can receive) may increase, leading to an increase in the Tax Levy. If actual enrollment is less than anticipated, the Revenue Limit and Tax Levy will decrease. Actual enrollment figures were not available at the time of this printing.
- Equalization Aid The State of Wisconsin provides a significant amount of aid to school districts. The District is anticipating more aid in 2023-2024 due to additional aid provided by the state budget. If Equalization Aid is less than projected, the Tax Levy will go up by that difference and vice versa. Information needed to determine the exact amount of this aid is not available until October.
- **Property Valuation** The estimated tax rate assumes that the value of all property in the District is projected to increase by 6%. If property values increase more, the tax rate (taxes paid per \$1000 of property value) will decrease. Actual property valuation will not be available until October.
- Educational Advancement and Insurance Benefits Teaching staff receive additional compensation for additional educational attainment. The actual number of teachers who will be receiving this compensation is not known at the time of this printing. In addition, not all new employees have selected between single or family health and dental insurance plans. The current budget is based on past history and what we know at the time of publication.
- Open Enrollment Revenue and Expenses Budgeted tuition revenues and expenses are based on students who applied to attend other school districts under the "Open Enrollment" process. However, many students who apply do not actually attend. Actual enrollment figures for open enrollment students are not available at the time of this printing.
- **Voucher Students** Another piece to the puzzle is the number of students attending a private school under a voucher. If a Kimberly Area School District student qualifies for a voucher to attend a private school, the amount of the voucher for each student is added to our tax levy and then reduced from our aid amount in order to pay the private school. This number has continued to increase and increase our tax levy. We are anticipating the number of voucher students will stay the same as 2023-2024, however the number of voucher students is also not known until October. The dollar amount per student for vouchers increased significantly. This increase will have a direct impact on the district's tax levy.

#### **BUDGET ADOPTION 2023-2024**

The following pages present data on Expenditures, Revenues and Fund Balances for 2021-2022, 2022-2023 and the budget for 2023-2024 in a format recommended by the Department of Public Instruction for the adoption of school district budgets. Definitions and Graphics have been added to facilitate understanding.

<u>DEFINITION OF FUND:</u> A fund is an accounting entity consisting of a self-balancing set of assets, liability and equity accounts used to account for the district's financial transactions in accordance with laws, regulations, or restrictions. The Department of Public Instruction requires reporting of various revenues and expenditures within specified funds.

#### **GENERAL FUND**

The General Fund is the largest fund in the District and is used to account for the day-to-day financial operations of the District. All monies are accounted for here except those which are required to be accounted for in a separate fund (i.e. Federal Projects, Long-term Debt).

#### **SALARIES**

2023/2024 \$28,199,331 2022/2023 <u>27,263,190</u>

Increase \$ 936,141

The board approved salaries to increase 4.7% for all staff as well as the additional increase for paras. It also includes dollars for a proposed additional salary increases to be proposed to the board at a later date. This total also includes the adjustments in staff mentioned in the staffing portion of this document. Salary and benefits for Special Education staff are accounted for in the Special Education Fund.

#### **BENEFITS**

2023/2024 \$11,830,129 2022/2023 \$11,224,765

Increase \$ 605,363

Benefits are anticipated to increase by approximately 5%. The increase in benefits is related to the increase in health insurance of 9% and increased percentage of benefits based on increased wages. Also included is a reduction in the contribution to our fund 73 OPEB Benefits based on our actuarial study.

#### **PURCHASED SERVICES**

Increase \$ 969,944

Purchased Services include payments to third parties for services they provide. Significant Purchased Services include: Open Enrollment tuition costs and Vouchers \$3,706,032, Utilities \$1,400,401, Busing \$1,429,780 and Operational Services (primarily cost of contracted Cleaning Service) and Maintenance Services. There is an increase in the open enrollment amount per student as wells as a significant increase in the voucher dollar amount per student, an increase in bussing costs, and an increase in contracted cleaning services.

2023/2024 \$ 2,059,881 2022/2023 \$ 2,134,791

**Decrease** \$ 74,910

Non-Capital Object expenses include supplies, non-capital equipment (not considered a fixed asset), books, materials, and computer software. To encourage better spending, unused supply budgets are allowed to be carried over into the next year.

#### **CAPITAL OBJECTS**

2023/2024 \$2,081,654 2022/2023 \$2,298,131

**Decrease** \$ 216,477

Capital Objects include buildings, sites and equipment with a value over \$1,000 per unit and computers with a value over \$500 per unit and chrome books. Significant 2023/2024 purchases include replacement of technology equipment including computers, chrome books and other equipment as part of the 5year technology plan.

| 2023/2024 | \$427,000 |
|-----------|-----------|
| 2022/2023 | \$311,339 |

Increase \$ 115,660

Included in insurances are costs associated with Liability, Property, Workers Compensation and Unemployment Insurance. We received a significant increase in our property insurance for 2023-2024, but there was a small decrease in our workers compensation insurance. Our liability insurances also includes a very slight increase. In addition, we budgeted higher for unemployment insurance, not really knowing what this amount might be due to reductions in staffing.

#### INTERFUND TRANSFERS

| 2023/2024 | \$7,930,762 |
|-----------|-------------|
| 2022/2023 | \$6,047,423 |

Increase \$ 1,883,338

All Special Education costs are accounted for in a separate Fund 27. Special Education costs not covered by state aid or federal grants must be transferred from the General Fund to Fund 27. This transfer is accounted for here. There is an increase in the amount of money that has to be transferred to the Special Education Fund in 2023-2024 which is related to an increase in expenses mostly in salary and benefits including additional paraprofessional hours. This budget also includes an increase in the amount transferred to Fund 46, which is set aside to use for future year's capital costs. The transfer allows us to maximize our aid.

The transfer to Fund 99 for our Triumph Consortium is also recorded here and increased due to hiring district staff for this program rather than contracting.

#### **DEBT SERVICE FUNDS (FUND 38 & 39)**

The Debt Service Fund is used to track revenues (primarily tax levy) and expenditures (principal & interest payments) associated with the retirement of long-term debt. "Long-term Capital Debt" (281000) is related to the Mapleview and Woodland Building Referendum projects.

We have done several refinancings of debt over the years. Total savings to Taxpayers through refinancing has been over \$4.3 million. The Debt Service Fund also includes debt for our energy efficiency projects.

The Tax Levy for the debt for our energy efficiency projects is reduced by the energy savings annually

achieved once the projects are complete. The cost of the energy efficiency projects financed by this debt was recorded in Fund 49.

The debt payments for the Mapleview and Woodland Building projects will be complete in 2025 and the Energy Efficiency debt will be complete in 2027.

#### CAPITAL PROJECT FUNDS (FUND 41, 45,46 & 49)

The Capital Project Fund is used to account for financial resources involved in the acquisition of land and capital objects (i.e., classroom computers), construction of capital facilities (i.e., new building or major remodeling projects) or maintenance projects (i.e., new roof). Balances in this fund include Fund 41 and Fund 46 Capital Projects money. Donations for future replacement of the turf are recorded here as well as donations for the indoor facility and scoreboards. Fund 46 was created to over time replace some of the expenditures that previously came out of Fund 41. The money deposited into Fund 46 can not be used for 5 years from when it was started in 2015, but the aid from the transfer from Fund 10 is realized immediately. We could begin using these funds in 2020. The district contributed \$550,000 to Fund 46 in 2022-2023 to offset future capital improvement projects. The additional revenue in 2023-2024 will allow \$1.85 million to be transferred to Fund 46 and be aided.

#### **FOOD SERVICE FUND (FUND 50)**

All receipts and expenditures for our school lunch program are recorded here. This program is contracted out to Chartwells, Inc., a Food Service Management Company. The goal of this Fund is for it to be self sustaining. The increase in meals and the much higher reimbursement rate for meals from the federal government, lead to an increase in the Food Service Fund Balance. A portion of the fund balance will be used for improvements to the Janssen kitchen as well as other kitchen needs in the district.

#### **EMPLOYEE BENEFIT TRUST (FUND 73)**

The District established a Trust in 2003/04 to help fund employee retirement benefits the District has been obligated to pay in the future. This Fund can only be used to pay retiree benefits. The District is not obligated to make payments to the Trust. The value of the Trust increased by \$1,605,031. This district contributed \$1,139,712 including TSA contributions to the trust this year. Interest income and unrealized gains/losses (investment sold) were \$914,554. The fees for PMA and BMO to manage the trust were \$52,329 and payments for retirement benefits were \$772,198. The value of the Trust as of 6/30/23 was \$16,190,815. Since the District's initial contibution into the Wisconsin OPEB trust in April of 2012, the investment has gained approximately \$5.36 Million in investment earnings.

#### **BUDGET ADOPTION, 2023-2024**

#### **COMMUNITY SERVICE FUND (FUND 80)**

Fund 80 is used to account for community activities that are not directly related to school educational programs. The District's Community Fitness Center is accounted for in this Fund. The amount set aside to pay workers is \$17,900, and \$13,000 for equipment maintenance and replacement. All District facilities are open to the public. 10,000 events are scheduled and coordinated by a District secretary. A portion of that individuals salary and benefits (\$30,468) are paid in Fund 80. A portion of salary and benefits (\$9,927) for the employee that is responsible for Community Outreach Programs and community marketing and communication is also paid for out of Fund 80. In addition, \$3,100 has been set aside for supplies for these outreach programs. The majority of revenue in the Community Service fund for 2023-2024 will be the Outagamie Sales Tax Money which will offset the typical Fund 80 Tax Levy.

#### **STAFFING 2023-2024**

Salary and Benefit Costs are the largest expenditure for school districts and have the greatest impact on the budget. Cost adjustments include wage increases, benefit increases and the cost of adding and reducing staff. Often due to increases or decreases in specific grade levels or buildings the enrollment change can vary a bit from the staffing adjustments.

At the time of this publication, the following are staffing reductions as well as new staff that have been added to meet the District's expected educational needs for 2023/2024.

#### Current Staffing Net Changes include:

- Decrease of 5.23 Teachers at the Elementary level due to enrollment reductions.
- Decrease of 1.5 Teachers at the Intermediate level
- Increase of 2.0 Mental Health Providers at Triumph(this replaced contracted service personnel and is split between the 3 school districts)
- District-wide increase of 110.75 Paraprofessional hours per week

Net Staffing: <u>Decrease of 6.73 teaching Positions</u>; <u>Increase of 110.75 paraprofessional hours</u>; <u>Increase of 2.0 Triumph positions split between the 3 districts</u>
