

## Teacher Welcome for 2017-2018

**Teacher Name: Katie Heling**  
**Room Number: 2051**  
**Department: Science**

I'm Mrs. Heling and I've been teaching science classes at KHS since 2003. This year I will be teaching Earth Science, AP Environmental Science, and Biology. I have a Bachelor's Degree from UW-Platteville in Civil and Environmental Engineering and a Master's degree in Educational Leadership from UW- Oshkosh. Before becoming a teacher I worked for the City of Appleton, the DNR, and a local engineering firm - and I will share some of my real-world experiences with you. I strive to keep all each of my classes interesting, up-to-date, and relevant!

I live in Kimberly with my husband, Mr. Heling, daughter, Maia (adopted from Ethiopia) and sons Max and Miles. I enjoy camping, running, and relaxing with my family.

Do you love being outside? Do you hunt, fish, hike, camp, go boating or play outdoor sports? KHS has its very own environmental club: **PROJECT GREEN!** We will hold meetings the **2<sup>nd</sup> Wednesday of each month at 2:15 pm in room 2051.** Our goal for next year is to hold one organizational meeting and do one "project" or fun activity per month. We hope to undertake several interesting projects throughout the year and in the process, educate the rest of the student body about sustainable living and environmental issues relevant to our school and community. Come and see me if you are interested in joining. Get involved- here is YOUR chance to make an impact at KHS!

### **Please bring the following supplies for class:**
