

# November Food Service Newsletter

Kimberly Area School District's Monthly Newsletter

## What's New in Your Schools?

Students at Westside were all provided a fresh, locally grown squash or sweet potato along with a recipe to encourage cooking at home. Let's Get Cooking is a celebration of homemade foods and empowering students to make some of our own recipes at home with their family and friends. In November and throughout the year, we provide healthy recipes to students and families.

## Coming in December to KHS: Student Choice

Today's students are smarter and savvier about what they want to eat. Student Choice brings the latest food trends straight to the cafeteria and lets students choose what's on their menus. Students sample from restaurant-inspired concept options and then vote on which concept will be brought to life in the cafeteria.

### Product Update: Lettuce Quality

Due to crop damage and poor growing conditions in California, lettuce quality is poor and in low supply. We have temporarily removed the side tossed salad from our daily menu at Elementary and Intermediate schools. We will continue to provide the entrée salad option on Wednesdays as long as we can procure lettuce.
