A Message from our Principal

Greetings from Westside Elementary,

I trust that this newsletter finds you hopeful for an early spring and mild weather! I also hope all of you are prepared for this school year to zip by us all in a blink of an eye. It never fails, once March hits, the days go by faster and faster and it seems like at school we never get as much accomplished as we wish we could.

This March will be extra exciting and fast paced because now we can look forward to music concerts! It seems absolutely crazy to say this out loud, but our 2nd graders have never had a chance to perform yet. I am sure many of our parents are excited too. These concerts will look totally normal, but we need to take those first steps to normal, so I will take a shortened concert over none at all! I hope all of you get to see your child perform.

March is also important for us as it is Forward Exam season for our 3rd and 4th grade students. Our 3rd and 4th grade teachers will be sharing the dates with all of their parents and we ask that you do your best to avoid appointments and vacations over those testing weeks. These are summative assessments for our students and staff. These scores play a big role in our school's state report card. We want our students to take the test seriously, but at the same time not get too nervous. These scores are a snapshot of a student's progress. They do not define a student or our school. What defines our students and school is how we behave every single day. At Westside we are a community of learners that help each other each and every day. We engage in new learning with curiosity and cooperation. We treat each other with respect and empathy. We believe that all of us can learn and grow together. We are a strong school community, and our 3rd and 4th graders are excited to show it!

Warm Regards,

Jonathan

The Kimberly Area School District does not discriminate on the basis of race, color, religion, national origin, ancestry, creed, pregnancy, marital status, parental status, sexual orientation, sex, (including transgender status, change of sex or gender identity), or physical, mental, emotional, or learning disability ("Protected Classes") in any of its student programs and activities.

YEARBOOKS... LAST CHANCE!

All yearbooks must be ordered by April 1st. If you haven't had a chance to order one, there is still time! You can order in the school office or on Infinite Campus in the parent portal. Cost per yearbook is \$11.00. Yearbooks will be distributed to students in late May.

Forward Exam

This spring all public school students in grades 3-8 and 10 will once again take the Wisconsin state assessment, the Forward Exam. State assessments are required by both State (Wis. Stat. § 118.30) and Federal ESSA (Every Student Succeeds Act) Law. The state assessment testing window runs between March 21 and April 29, 2022. As it becomes available, testing dates and details will be communicated.

COMMUNITY EVENTS

Are you looking for opportunities in our local community? Our KASD website has a page devoted to keeping you informed of upcoming events and opportunities for children and families. Please visit this page often so you can stay informed. [Click here for more information!](#)

State Testing Is Coming Up!

It is getting to that time of year when state assessments will be starting. This year, the Forward Exam testing for Westside 3rd and 4th graders will begin sometime in early April. Please watch for specific dates from your child's teacher in the near future. As in the past, we ask that families try to avoid scheduling appointments, vacations, etc. during those weeks.

If you have any questions regarding Forward Exam testing, please contact your child's teacher. Thank you!

FROM KASD: Are you on our mailing list?

We want to ensure parents of young children (age 0-5) in our District are on our mailing list, so you can receive information relative to your child's age group, such as early childhood screening information or 4K and 5K registration information. We also need to have information for all children age 0-21 for state reporting. [Click on this link to complete the census form](#). If you know of other families with children in our District that may not be in our system, please help us by sharing this information with them.

In March our Protective Behaviors lessons will begin for all students at Westside. Students will learn basic age appropriate methods for protecting themselves against unsafe and unwanted physical touch and will establish a network of trusted adults that they can talk to when needed.

We ask and encourage you to make time this month to discuss your personal views and rules on staying safe. Working together can help children better protect themselves.

Looking Forward:

Wow! This year is going so quickly. Students are learning socially and emotionally in Life Skills and we have had a lot of fun along the way.

We will spend the rest of the year in Life Skills working on our Problem Solving Skills. We will talk about the size of problems, the size of our reactions, and how we can be independent problem solvers.

I hope all of you have a great month and we all see some warmer weather soon!

Focusing on Cooperation with Others

Helping develop a child's teamwork skills and capabilities is crucial when it comes to their future. Cooperation is a necessary skill all children must have if they wish to succeed in working with others in their school and home environments. Without these skills, your child may be more likely to distance themselves from others, and be less cooperative at those moments when it's most needed. As a parent, you can help your children develop their cooperative skills with both adults and other children. If you feel your child isn't responding to your efforts, there are a variety of methods you can try.

Work on Team-Building at Home

By making sure your child actively engages in chores, homework, and play time with their siblings or other people in the house, you'll ensure these behaviors naturally carry over into the school environment. If your child withdraws from these scenarios and doesn't want to work or play with anyone at home, this can indicate potential problems in school as well. Communicating effectively and staying firm in your stand for your child's cooperation will eventually help them see that being part of a team and working with others is both fun and rewarding. This can be especially difficult for shy children, but they'll take plenty of cues from you if you're persistent and consistent. Try different approaches of communication to see which ones work for you and your child.

Talk to Teachers about Your Child's Teamwork in School

Even though your child may be willing to work with others at home, this may be because they are in a much more comfortable atmosphere with people they have known their whole life. Make sure you speak to the teachers and adults your child is directly involved with in order to get a full sense and understanding of their behaviors. Teachers will generally be happy to recommend a few activities you can engage in that will improve their sense of teamwork and cooperation.

Remember

- Encourage your child to participate in extracurricular activities that your child enjoys •
- Model and practice teamwork at home •
- Understand that sometimes it's all about your child's personality and be flexible in your approach •

Pop Tab Collection!

The Pop Tab collection will begin now
and go through Friday, April 29th.

If you haven't started
collecting, please begin
saving tabs now. It's a great way to make a
difference in people's lives while recycling!

This drive benefits the North East Wisconsin Ronald McDonald House, a
great organization working to provide a place for families to stay while
their child is being treated in the hospital.

We are also combining our efforts with other schools in the
