A Message from our Principal

Greetings from Westside Elementary!

It looks as though spring is on its way. We should be thankful for a mild winter and that our really cold snap came late, because now temperatures in the 30s feel amazing! Our snowfall was well timed for this as well. Our students are loving the snow and enjoying their recess time! Our students handled themselves well over that cold snap. There were very few complaints with no mask breaks and they did an amazing job during indoor recess times.

As we look into March it is crazy to think that the 4th quarter is upon us. With the end of 3rd quarter also comes standardized testing for our 3rd and 4th graders. Many of our students do not love taking the Forward exam, but this year they have good news coming their way. The state has decided to shorten the Forward exam by almost an hour for 3rd and 4th grade which I know those students will appreciate.

I cannot believe that we are actually approaching the last quarter of our school year. This has been a challenging year for our students, parents and teachers. We have come a long way in our thinking and practices around COVID-19 safety. What felt scary and suffocating as we started the year feels normal. I have been so proud of how our students have adjusted to this way of schooling. I am also very appreciative of the flexibility of our parents with all of this! Some of your children have had to be quarantined multiple times this school year putting stress on you, your place of employment, and your family. All of the families at Westside have handled all these challenging situations with grace. That has not gone unnoticed and all the staff at Westside are thankful for you!

As always, thank you for sharing your child(ren) with us. It is our honor and privilege to help them grow!

Warm Regards,

Jonathan Peterson

State Testing Is Coming Up!

It is getting to that time of year when state assessments will be starting. This year, the Forward Exam testing for Westside 3rd and 4th graders will begin sometime in early April. Please watch for specific dates from your child's teacher in the near future. As in the past, we ask that families try to avoid scheduling appointments, vacations, etc. during those weeks.

If you have any questions regarding Forward Exam testing, please contact your child's teacher. Thank you!

FROM KASD: Are you on our mailing list?

We want to ensure parents of young children (age 0-5) in our District are on our mailing list, so you can receive information relative to your child's age group, such as early childhood screening information or 4K and 5K registration information. We also need to have information for all children age 0-21 for state reporting. Click on this link to complete the census form. If you know of other families with children in our District that may not be in our system, please help us by sharing this information with them.

2021-2022 School Year

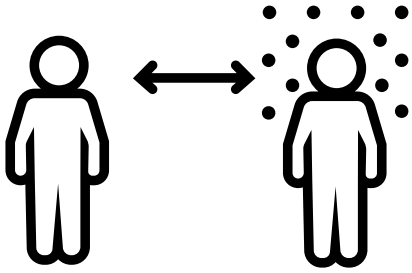
CLOSE CONTACT GUIDE

What does it mean to be a close contact of someone with COVID-19?

You are a "close contact" if any of the following situations happened while you spent time with the person with COVID-19, even if they didn't' have symptoms:

- ✓ Had direct physical contact with the person (for example, a hug, kiss, or handshake)
- ✓ Were within 6 feet of the person for more than 15 minutes
- ✓ Had contact with the person's respiratory secretions (for example, coughed or sneezed on; contact with dirty tissue; shared a drinking glass, food, towels, or other personal items)
- ✓ Live with the person or stayed overnight for at least one night in a household with the person



EXAMPLE

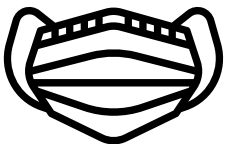
Your child was playing outside with a neighborhood friend when he drank from the friend's water bottle without thinking. The following day, the friend developed symptoms and subsequently tested positive for COVID-19. **Your child is a close contact.**

EXAMPLE

I went out to eat with a friend yesterday and we were within 6 feet of each other for 30 minutes. The following day my friend tested positive for COVID-19. I am now a close contact. What about my child? **Your child is NOT a close contact** as your child did not spend time with your friend.

If you had contact with someone who has been diagnosed with COVID-19 you may be at risk of infection. Follow these recommendations for 10 days since your last close contact with someone with COVID-19.

As a close contact, what does it mean to quarantine?



- Stay home
- Avoid travel
- Go out only if absolutely necessary
- Postpone all non-essential medical appointments until your quarantine is over
- Do not use public transportation, ride-sharing, or taxis
- Wear a face cover when you are around others
- Continue to monitor your symptoms for a full 14 days and if you develop symptoms from day 11 to 14, quarantine and contact your healthcare provider.
