# Policy Regarding Sunscreen use at School

Just a reminder as the school year is ending and field trips are abound that it is the District's guideline that **we do not provide or allow students to share or use another person's sunscreen, lip balm, lotion, etc**., due to the potential for an allergic reaction to the active ingredients in these products.

With the warm sunny days forecasted ahead, parents are encouraged to apply sunscreens, especially on field trip days, at home prior to sending their child to school. Chaperoning parents are not allowed to apply sunscreen to students other than their own child.
